

Preventing Spam Accounts From Getting Created

1. Login into your site
2. Go to <http://yoursite.ucsf.edu/admin/config/people/accounts> [1]
3. Find **Who: can register accounts?**
4. Select - **Administrators only**
5. Find **When cancelling a user account**
6. Select - **Disable the account and keep its content.**
7. Click on **Save Configuration** button

That should do it!
